

# **GADSDEN ELEMENTARY SCHOOL DISTRICT #32**

## **2020 School Board Candidates:**

### **Tadeo Azael De La Hoya:**

I have had the pleasure to serve my community as a member of the Gadsden Elementary School Board #32 for the past 12 years. During my tenure, I have strived to renew confidence and trust from our community to the board. As a board member, I have always made myself available to serve my district and my community. I have worked towards establishing effective communication amongst our staff and community members. I am running for re-election to continue working collaboratively with my fellow board members, administration, staff, parents, children, and our community in assuring Gadsden School District reaches its highest potential.

I value my relationships with students, parents, staff, and community members. I will continue to work diligently to keep putting our district and San Luis on the map. As a member of the team, I have worked very hard to bring our schools to highly performing schools. Although our district does not carry an overflow of money, we promised and raised teachers' and employees' salaries. We continue on the path to bring them to a competitive salary.

Additionally, we continue to develop high-quality standards and accountability set for administration and staff. We need to keep raising student achievement, strive for collaboration, teacher retention, and excel in our standards. There are many challenges that our district continues to face, but working together, we will overcome them.

All board decisions affect our future, and I would like to continue being part of the decisions making process in keeping student learning and promoting high performing education for all. I need your vote to continue working with our community to ensure the best educational future for our children.

As a GESD board member, I have continued to improve my knowledge and practices by becoming a member of the Board of Directors for the National Association of Latino & Appointed Officials (NALEO) since 2015 (serving as Executive Board Secretary since 2018). Arizona School Boards Association (ASBA) Yuma County Director since 2015 and a member of the Young Elected Officials Network (YEO) since 2006 and more recently this year, appointed to the Board of Directors of Campesinos Sin Fronteras, a local non-profit. These boards allow me to keep up with changes and advances being made towards education, expand my horizons, and enhance my ways of

learning to make educated decisions for our district. When you cast your vote, cast a vote for proven work done.

Sincerely,

Tadeo Azael De La Hoya

## **Gary Snyder:**

Candidate Gary Snyder, a San Luis Resident for past 5 years has encountered the crucial failed educational system that Gadsden elementary school district has been providing the past 20 years and the Governing board has been misusing tax payers & school fund of 65k to have out of State vocational meetings in Coronado Island, San Diego CA and Violating the Open Meetings Act. Which has been Found in Direct violations by Arizona Auditor & Attorney General. Governing Board Nepotism and friends & family members favored in employment. Currently the Students are without enough transportation or Tablets/Laptops for the current School Year.

This lack of professionalism & Disregard for student education is a crime in itself. These are a few of the main reasons that I, a local resident dedicate my energy towards making this public announcement running for GESD #32 Governing Board member this year and future environment.

I have been known around town for a Supporter of Students and Educational staff thru County Wide Free School Supply Drives for students and teachers.

Vote Gary Snyder GESD #32 November 3 ,2020
