Lizbeth Vasquez:

Gadsden Elementary School District # 32

I write to express interest in being part of the Gadsden Elementary School District 32 as a board member. I have a long-time interest in a board position; however, I wanted more involvement before running. I now have the experience and dedication to my community to run for this position.

I am Lizbeth Vasquez; I have been a San Luis resident for over 18 years. I started as a volunteer in nonprofit organizations. I worked towards having smoke-free parks in San Luis, Arizona. I have over ten years of experience working with adolescents. As a mother of a beautiful boy soon to enter the school district, I want him to have the best education. I want to provide the students from the Gadsden district to have the best education.

My dedication will be to putting students, educators, district staff, and the community first. I will advocate for new programs that benefit students. Invest in professional growth for the district staff. It's time to all work together for unity and a stronger school district. It will be an honor if I get elected as a GEDS32 school board member.

Thank you,

Lizbeth Vasquez
